

October 2018

Recommendation Letter- Mr. Amit Weiner

Amit Weiner worked as the Shelter Program Manager during the time I was working as Deputy Country Director for the IsraAID Dominica mission. IsraAID is a humanitarian non-governmental organisation, committed to providing life-saving emergency relief and durable solutions for populations affected by natural disasters, epidemics and post-conflict situations. IsraAID established operations in the Commonwealth of Dominica in September 2017 after hurricane Maria.

As the Shelter Program Manager Mr. Weiner established the Shelter Department at our operation in Dominica, with the goal of identifying the most vulnerable families and rebuilding 100 roofs in six communities along the east coast of the island. Mr. Weiner initiated and developed strong relationships with other international NGO's (IFRC, UNDP, IOM, WFP and EWB) in order to ensure the mission's success. Mr Weiner was in charge of identifying and surveying beneficiary households, laying a scheme plan for each roof and of the recruitment, training and supervision of skilled labour (10 teams in total). In addition, Mr Weiner was in charge of the entire logistic procedures, which included procurement, shipment, storage and distribution of construction materials and tools. As the Program Manager of the first Shelter project of IsraAID, Mr Weiner ensured that the goal of rebuilding 100 roofs was met, while always working effectively and very professionally.

Mr. Weiner was an excellent addition to our operation. His professionalism was shown in his ability to take initiatives, supporting the project from beginning to end, working effectively and always meeting deadlines while being able to anticipate next steps and needs. Mr Weiner has a desire to learn and the ability to adapt quickly, improvise and overcome challenges while always ensuring success.

Witnessing the level of expertise shown in his role as the Shelter Program Manager at IsraAID Dominica, I believe that Mr. Weiner will be an asset to any organisation.

Sincerely,

Romi Canetti,

Deputy Country Director, IsraAID-Dominica.
